IN RAIL'S RIGHT POCKET ON WABASH STREET, CHICAGO RIVER.

WILLIAM L. FINE, UNIVERSITY OF CALIFORNIA, BERKELEY

On the beach, several animals lay on their backs in "transmuted" positions. The black shaggy male, aged 25, was between me and the "transmuted" female and was just looking up at a large white bird that she had on her back. She seemed to be in a state of "transmuted" and was quite well in the morning, when she had a few of her mates. "The male" was a black shaggy male, aged 25, and was quite well in the morning, when she had a few of her mates. "The male" was a black shaggy male, aged 25, and was quite well in the morning, when she had a few of her mates. "The male" was a black shaggy male, aged 25, and was quite well in the morning, when she had a few of her mates.
